

SANJAY RATHOD

Senior PHP Developer | 10+ Years Experience

📍 Vadodara, Gujarat (Open to Relocation) | 📞 +91 63529 20978 | ✉️ sanjayrathodk7@gmail.com

PROFESSIONAL SUMMARY

Results-driven Senior PHP Developer with 10+ years of experience architecting and delivering scalable, high-performance web applications. Proven track record leading teams of 7–10 engineers, designing system architecture, defining coding standards, and driving Agile delivery across CRM, e-commerce, and enterprise platforms. Deep expertise in PHP, Laravel, and MySQL — with hands-on AWS (EC2, S3) deployment experience. Known for bridging technical leadership with client communication to deliver on time and on spec.

CORE SKILLS

Languages	PHP, JavaScript, HTML5, CSS3
Frameworks & CMS	Laravel, CodeIgniter, WordPress, WooCommerce, Drupal
Databases	MySQL, PostgreSQL
Cloud & DevOps	AWS (EC2, S3), Docker, Git, Bitbucket
Specialties	System Architecture, REST API Design, Performance Optimization, Team Leadership, Agile/Scrum, Client Communication

PROFESSIONAL EXPERIENCE

Sr. Software Developer | Confidosoft Solutions Pvt Ltd — Vadodara

Mar 2026 – Present

- Architecting scalable Laravel applications for enterprise clients, leading design decisions from database schema to API layer.
- Managing and mentoring a team of 7–10 developers; conducting code reviews and enforcing coding standards to maintain quality.
- Deployed and maintained applications on AWS (EC2, S3), improving infrastructure reliability and deployment consistency.
- Collaborating directly with clients to gather requirements, define scope, and communicate technical trade-offs.

PHP Team Lead | Intricare Technologies — Vadodara

Oct 2024 – Feb 2026

- Led a team of 7–10 developers through full Agile sprints — sprint planning, standups, retrospectives, and delivery.
- Defined coding standards, peer review processes, and Git branching strategies adopted across the engineering team.
- Optimized critical MySQL queries and implemented caching strategies, reducing average API response times by 30%.
- Acted as primary technical point of contact for clients, translating business requirements into actionable development tasks.

Senior PHP Developer | Devdigital Vadodara Pvt. Ltd.

Oct 2017 – Feb 2024

- Built and maintained high-traffic Laravel and WordPress applications serving thousands of daily active users.
- Designed and implemented RESTful APIs integrated with third-party platforms including Salesforce and payment gateways.
- Mentored junior developers through structured code reviews and pair programming, improving team velocity by 25%.
- Reduced page load times by up to 35% through query optimization, indexing strategies, and object caching.

PHP Developer | Logic Express — Vadodara

Nov 2013 – Oct 2017

- Developed custom CMS platforms and e-commerce solutions using PHP, CodeIgniter, and third-party API integrations.
- Improved page load performance through backend refactoring and streamlined database query design.
- Delivered 10+ client projects end-to-end, from requirements gathering to deployment and post-launch support.

Junior PHP Developer | Guru99 Tech Pvt. Ltd. — Vadodara

Jun 2013 – Nov 2013

- Assisted in developing PHP-based web applications and contributed to resolving performance bottlenecks under senior guidance.

KEY PROJECTS

LeadCRM Dashboard — Laravel + Salesforce API

- Designed and led development of a CRM platform with real-time Salesforce data synchronization.
- Optimized API batching and data processing pipeline, cutting sync time by 40% and improving system reliability.

OnRole – HR Management System — Custom PHP

- Built payroll, attendance, and employee management modules used by 200+ employees across 3 client organizations.
- Reduced manual HR processing time by 40% through automated reporting and workflow triggers.

The Executive Advertising — Fabric.js + PHP

- Built an interactive browser-based design tool enabling non-technical users to create print-ready promotional materials.
- Optimized canvas rendering for large assets, reducing load times by 50% through lazy loading and asset compression.

SAPTrainingHub.com — WordPress + WooCommerce

- Built an online learning platform with integrated course purchase flows, subscription management, and SEO optimization.

KEY ACHIEVEMENTS

- Delivered 20+ enterprise web projects across CRM, e-commerce, and healthcare domains — on time and within scope.
- Improved database efficiency and reduced load times by up to 35% across multiple high-traffic production systems.
- Built and led teams of 7–10 developers, raising code quality and reducing post-release defects through structured review processes.
- Reduced client HR processing overhead by 40% through intelligent workflow automation in OnRole HRMS.

EDUCATION

B.E. in Computer Science & Engineering

Gujarat Technological University, Ahmedabad | 2012
